

# Resources on Education for Sustainable Development for Primary Schools

If you would like to order any of the following resources, please contact  
Cheshire DEC. *Prices correct at time of printing*

## **Climate Change – local and global**

We all know that climate change is a looming global issue which is growing in size and significance. This resource has been developed by teacher groups aimed at KS 2 and 3 but could be used for other contexts, as a framework which enables children's enquiry into these complex questions.

£11.00 *Tide*

## **Educating for Sustainability**

Resource produced jointly by Gambian and British teachers, mainly for use in The Gambia. Information on sustainable development themes is combined with case studies and lively classroom activities.

£7.00 *Tide*

## **Education for Sustainable Development**

The book includes a large number of examples of projects and activities carried out in schools around themes including energy and climate change; wildlife and biodiversity; transport; food; water; waste and resources; health; and economy and trade.

£15.00 *Cheshire County Council*

## **George Saves the World by Lunchtime**

A perfect introduction to encourage children to recycle, re-use, reduce and repair.

£5.99 *Eden Project Books*

## **If the World Were a Village**

A colourful book helping to illustrate ideas about human development by imagining that today's population equals 100.

£6.99 *A&C Black*

## **Lessons in Sustainability**

For teaching and learning about sustainable development issues, highlighting opportunities for children to debate issues and make a valued contribution.

£8.25 *Tide Centre*

## **One Well**

All living things depends on Earth's One Well. Life would be impossible without it. Bu the water in the Earth's well is threatened by our growing population and demands. What can we do to protect it? One Well answers this important question while telling the story of water on Earth.

£12.99 *A&C Black*

## **The Vanishing Rainforest**

Why is the Brazilian rainforest vanishing so fast? This story seen through the eyes of Remaema, describes how the Yanomami tribe are still battling against potential developers. Can a solution be found that will protect the forest and allow the tribe to continue living as they always have done, while benefiting from the right form of development?

£6.99 *Frances Lincoln Children's Books*

## **The World Came to my Place Today**

A story book focusing on plants from around the world and how they affect children's lives.

£5.99 *Eden Project*

**Water – a right or a commodity?**

Unicef pack discussing global issues.

£5.00 *UNICEF*

**Water Issues- local and global**

A photo pack containing 16 colour photo cards focusing on water as a way of exploring Sustainable Development. Helping pupils to think about water issues in different countries.

£13.00 *Tide*

**Where the Forest Meets the Sea**

Innovative picture book chronicles the reflections of a young boy, exploring a prehistoric rain forest in Australia. The relief collage illustrations, constructed from a multitude of natural materials, creating a three-dimensional effect, bringing together visions of the past, present and future.

£5.99 *Walker Books*

**Why should I Recycle?**

**Why should I Save Water?**

**Why Should I Save Energy?**

Introducing children to basic moral values in a simple and entertaining way.

£5.99 each *Hodder Wayland*

**Window**

Year by year there are changes in the view from the window. Little by little the small changes add together...

£5.99 *Walker Books*
